30.04.2012 to 30.04.2025

Experience in India :

- Worked with various co. as Operator in India for 8 Years.

Roles & Responsibilities:

Key Responsibilities

Equipment operators are entrusted with several critical duties that directly impact the productivity and safety of the workplace. The primary responsibilities include:

- Operating heavy equipment such as bulldozers, backhoes, forklifts, and cranes in compliance with company and safety standards.
- Inspecting and performing basic maintenance on machinery to ensure it is in safe working condition.
- Identifying potential operational issues and reporting them to the maintenance team or supervisors.
- Adhering to all safety regulations, workplace standards, and environmental policies.
- Coordinating with other team members to ensure tasks are completed efficiently and on schedule.

Tasks and Duties

On a day-to-day basis, equipment operators may be expected to undertake the following tasks:

- Prepare and set up machinery for operational activities.
- Operate equipment with a focus on safety and efficiency.
- Transport materials, goods, and resources within the operational site.
- Perform routine checks to ensure machinery operates at optimal levels.
- Document operational data such as material quantities processed, and hours of operation.
- Assist in the training of new staff in equipment operation.

Declaration: I hereby declare the above information is correct and true as per my knowledge and belief.
