## Employment History

### Executive in logistics and supply chain , NYATI MUNDRA CO., Udaipur

JUNE 2022 – PRESENT

End-to-End Process Optimization:

1. Resolve to optimize the entire supply chain process, from inbound logistics to outbound distribution. Identify opportunities for efficiency gains and cost savings by analyzing each step of the supply chain workflow. Implement strategies such as route optimization, inventory management improvements, and demand forecasting enhancements to streamline operations and minimize lead times.

2. Process Optimization:

Resolve to streamline warehouse inbound processes by identifying inefficiencies and implementing solutions for smoother operations. This could involve conducting regular audits to pinpoint bottlenecks, introducing automation where applicable, and optimizing layout and resource allocation to enhance efficiency and reduce turnaround times.

3. Invoice Management Excellence:

Commit to improving invoice management practices by implementing better systems for tracking, verifying, and processing supplier invoices. Set goals to reduce invoice processing times, minimize errors, and improve accuracy in recording and reconciliation. Explore the adoption of digital invoice management tools and technologies to streamline workflows and enhance transparency.

4. These all activities are performed with VEDANTA ZINC INTERNATIONAL COMPANY as an employee of NYATI MUNDRA & CO.

### Research Analyst, Arcgate, Udaipur

JUNE 2019 – JUNE 2022

1. Enhanced Research Methodologies:

- Resolve to refine and expand your research methodologies to uncover deeper insights into companies and industries. Explore new data sources, conduct comprehensive competitor analysis. effectively, ultimately providing clients with more valuable and actionable information/Data.
