**Professional Summary:**

Logistics professional with a solid foundation in managing supply chain processes, inventory control, and transportation coordination. Skilled in optimizing delivery schedules, tracking shipments, and resolving logistical challenges to ensure seamless operations. I'm seeking new opportunities to leverage my expertise and expand my knowledge in the dynamic logistics and supply chain industry.

Skills:

Inventory Management, Warehouse Management System, Supply Chain Analytics, Port Operations and Import/Export Documentation, Project Management, Sourcing & Procurement, Key Performance Indicators.

Experience:**Logistics Coordinator**

(Jan 2024 – Nov 2024)

New Mangalore Port Authority, Mangalore

- Conducted dock safety inspections to ensure compliance with safety protocols, identifying potential hazards and proposing mitigation measures to enhance operational safety.
- Negotiated with shipping lines and road transport companies for best rates.
- Coordinated with customs officer about customs clearance processes for import and export shipments
- Utilized software tools for tracking shipments and managing inventory.
- Verified accuracy of invoices, shipping manifests, bills of lading, and other import and export documents.
- Prepared comprehensive reports on the railway marshaling yard, analyzing the previous year's data on cargo movement, wagon turnaround times, and yard capacity utilization to improve freight handling efficiency.
- Visited tugboats to assess operational readiness, fuel consumption, and maintenance schedules, ensuring efficient vessel utilization for ship berthing and unberthing operations.
