EXPERIENCE

Enterprise Mobility, Ottawa ON — Logistics Coordinator – Rental Management

World-class provider of car rental services and fleet management

<https://www.enterprismobility.com>

MAY 2022 - DECEMBER 2024

- Coordinate, plan, supervise, and manage all activities related to sourcing, procuring, storing, and distributing vehicles required to run the company's rental operations
- Managed a fleet of more than 2000 vehicles across the Ottawa group and continually worked on strategies to increase fleet size for the rental operations
- Negotiate for the best fleet rates with auto manufacturers such as Toyota, BMW, and Mitsubishi and achieve a 30% price reduction for every bulk purchase
- Provide a weekly summary of detailed sales orders at the local and provincial levels to the sales team
- Created weekly in-market sales forecasts to understand customer demand, improve efficiency and ensure cost-effectiveness by optimizing inventory
- Prepare delivery notes, purchase and sales orders, payment receipts, inventory checklists, and fleet sales reports (for external sales to fleet companies)

Thales Group, Ottawa ON — Co-op, Project Manager- Program Management

Global technology leader in Cyber-Security and Artificial Intelligence

<https://www.thalesgroup.com/en>

MAY 2021 - DECEMBER 2021

- Coordinated weekly with stakeholders to ensure seamless execution of projects, ensuring delivery within budget and timeline
- Re-created and maintained cloud migration software such as JIRA and Confluence to display KPIs such as sales forecast, customer satisfaction and operational deadlines for stakeholders
- Facilitated an agile scrum team to launch a new project by conducting activities such as backlog meetings, retrospectives, and mitigating risks by following agile principles
