### WORK EXPERIENCE:

#### APPLIED MATERIALS ASSOCIATE BUYER

BANGALORE, KARNATAKA, INDIA  
FEBRUARY, 2025 – PRESENT

- Managing the PR to PO (Qn to PO) process for suppliers in Germany, Israel, and North America.
- Managing the repair procurement process for parts from broken regions.
- Assessing damaged parts to determine warranty status and coordinating warranty claims.
- Processing non-warranty parts for repair or scrap based on cost-effectiveness and company policies.
- Collaborating with suppliers and internal teams to ensure timely repairs and replacements.
- Tracking and documenting part status using SAP for accurate inventory and financial reporting.
- Optimizing the repair process to reduce downtime and improve supply chain efficiency.
- Creating and processing Purchase Orders (POs), including standard POs, Subon POs, and manual POs using SAP.
- Utilizing Tableau software for data analysis and reporting to optimize procurement processes.
- Ensuring timely and accurate order placement to support supply chain efficiency.
- Coordinating with suppliers and internal teams to resolve order discrepancies and streamline procurement workflows.
- Monitoring and improving procurement performance through data-driven insights.

#### HCL TECHNOLOGIES LEAD ENGINEER

BANGALORE, KARNATAKA, INDIA  
AUGUST, 2022 – JANUARY, 2025

- Successfully delivered procurement and purchasing projects for Applied Materials every quarter, across global locations.
- Controlled 100% of supply chain and logistics operations, and maintained a remarkable 100% DoT (delivery-on-time) rate.
- Oversaw operations of warehouses globally, and coordinated mobility of commodities, while maximizing space utilization and minimizing resource wastage, resulting in reduced costing and effective synchronization of supply and demand.
- Eradicated redundant expenses through “procure to pay” model, and facilitated best-in-market rates for goods.
- Led end to end procurement process, including validating internal requests and reaching out to vendors for quotations (RFQ).
- Enhanced drawing accuracy and efficiency by 25 % through leading validation processes and implementing necessary changes.
- Analyzed vendor proposals by evaluating lead prices and conducting commercial evaluations, to ensure competitive criteria.
- Eliminated compliance issues by overseeing drafting and signing of Non-Disclosure Agreements (NDAs), and Master Service Agreements (MSAs) with vendors, prior to finalization.
- Facilitated the renewal of contracts through addendums, extending agreements based on user or requirements.
- Administered various contract types, including MSAs, scopes of work (SOW), NDAs, and MOUs, to streamline vendor relationships and procurement processes.
- Eradicated 100% redundant expenses through “procure to pay” (P2P) model, and facilitated best-in-market rates for goods.
- Coordinated with internal teams for technical evaluations and finalized vendors based on comprehensive assessment criteria.
- Achieved a reduction in errors by ensuring meticulous quality checks, enhancing overall output and workflow efficiency.
- Managed the end to end sourcing process for raw materials, ensuring timely and cost-effective procurement.

- Developed and maintained relationships with key suppliers to ensure consistent quality and reliability.
- Conducted market analysis to identify potential suppliers and benchmark pricing.
- Leveraged Predsys for data enrichment and management, utilized SPC and NON SPC Protocols to streamline material segregation process and maintained organized documentation within Teamcenter as a centralized repository for production drawings.
- Nurtured stakeholder relations by maintaining effective cross-functional coordination 6 internal teams, including Quality, Design, Logistics, Sourcing, Engineering and Warehouse departments, while reporting to Procurement Manager.
- Enhanced business processes by implementing 5 crucial process improvement strategies, viz. Total Lean Management, Six Sigma Methodology, Lean manufacturing, Continuous Improvement (CI), and Plan Do Check Act.

#### **EMBASSY SERVICES**
