Karthikeyan Sathiyamurthy

WORK EXPERIENCE

Maersk Global Service Center [May 2021– Dec 2024]
SENIOR PROCESS EXPERT

Handling customer service operations for a key client in US and CANADA act as a key entry point for the country/cluster organization of all the offshored exports and customer service processes in booking creation, booking Amendments and Vessel reconciliation.

- **Booking Creation & Coordination:** Create bookings for Maersk, Hamburg Sud, and Sealand, coordinating with shipping lines and co-loaders for timely shipments.
- **Client Requirement Management:** Address customer needs for booking changes, pricing, and shipment inquiries, updating the database daily.
- **Logistics Management:** Coordinating the movement of goods and materials from suppliers to customers while ensuring cost efficiency and timely delivery.
- **Supply Chain Optimization:** Improving efficiency in the supply chain by analyzing processes and implementing improvements to reduce costs and increase speed.
- **Inventory Management:** Tracking stock levels, forecasting demand, and managing inventory to prevent overstocking or stockouts.
- **Warehouse Operations:** Overseeing warehouse functions such as receiving, storage, and dispatch of goods while ensuring safety and organization.
- **Transportation Coordination:** Managing transportation schedules, routes, and carriers to ensure timely and cost-effective delivery.
- **Procurement Coordination:** Collaborating with suppliers to ensure timely procurement of goods and materials in alignment with production or sales needs.
- **Order Fulfillment:** Ensuring that customer orders are processed accurately and dispatched on time.
- **Data Analysis and Reporting:** Using data to track performance, identify trends, and create reports to improve logistics operations.
- **Client Requirement Management:** Address customer needs for booking changes, pricing, and shipment inquiries, updating the database daily.
