PROFILE SUMMARY

Passionate logistics graduate with solid academic grounding in international transportation, port operations, and supply chain optimization techniques. Proficient in vessel scheduling, yard utilization, documentation, and digital port tracking using Port Management Systems. Skilled in cargo flow analysis, reverse logistics, inventory control, and reporting. Demonstrated ability in cost-effective logistics strategy planning. Handled projects including analysis of reverse logistics in e-commerce and direct selling effectiveness in diverse market scenarios. A detail-oriented and adaptive team player eager to drive supply chain efficiency in logistics, warehousing, and procurement.

KEY SKILLS

Hard Skills: Inventory Control Techniques, Port Operation Systems, Warehouse Management Software, Supply Chain Planning, Procurement Order Processing, Route Optimization Tools, Transportation Mode Selection, Cargo Handling Procedures

Soft Skills: Analytical Problem Solving, Time Management Efficiency, Team Collaboration Skills, Adaptability Under Pressure, Strong Communication Skills, Critical Thinking Ability

Area of Expertise: Warehouse Inventory Control, Supply Chain Optimization, Procurement and Sourcing, Documentation and Compliance, Logistics Data Reporting

ACADEMIC QUALIFICATION

Indian Maritime University, Chennai | August 2022 – May 2024

MBA IN INTERNATIONAL TRANSPORTATION & LOGISTICS MANAGEMENT

Gurudev Arts & Science College, Mathil (Affiliated to Kannur University) | July 2019 – March 2022

BBA – BACHELOR OF BUSINESS ADMINISTRATION

WORK EXPERIENCE

June 2023 – December 2023

Cochin Port Authority, Kerala, India

LOGISTICS EXECUTIVE INTERN

Job Responsibilities:

- Assisted in preparing import/export volume reports by analyzing cargo traffic trends and shipping line data.
- Coordinated with customs officials and freight forwarders to ensure smooth cargo clearance and timely container movement.
- Participated in vessel scheduling meetings to improve berth allocation and reduce port congestion effectively.
- Supported documentation activities, including Bill of Lading, manifest preparation, and customs clearance paperwork for shipments.
- Operated Port Management Systems to track vessel arrivals, berthing schedules, and real-time container movement data.
- Analyzed container yard utilization patterns to recommend layout improvements for better cargo flow and storage efficiency.
- Collaborated with logistics supervisors on digital tracking initiatives for optimizing ship turnaround and terminal coordination.
- Attended safety audits and contributed to developing safer operational procedures within port logistics handling areas.
- Created logistics presentations and visual reports for internal use, aiding team decisions and planning sessions.
- Shadowed senior executives in planning meetings to understand strategic port operations and real-time decision-making challenges.

PROFESSIONAL CERTIFICATIONS

- Completed **Supply Chain Management certification** covering procurement and logistics fundamentals.
- Earned **Operations Management certification** with focus on process improvement and efficiency.
- Achieved **Artificial Intelligence Fundamentals certificate** exploring smart logistics and automation tools.

PROJECTS

ANALYSIS OF REVERSE LOGISTICS MANAGEMENT IN E-COMMERCE (2024)

- Researched and analyzed reverse logistics strategies in leading e-commerce supply chains.
- Evaluated returns management practices and methods to reduce logistics costs effectively.
- Assessed the impact of sustainability and operational efficiency on overall logistics performance.

EFFECTIVENESS OF DIRECT SELLING STRATEGIES (2021-2022)

- Studied various direct selling techniques and their influence on consumer purchase behavior.
- Measured sales growth patterns and marketing success across different business models.
- Identified key factors contributing to successful product outreach and customer engagement strategies.

ACHIEVEMENTS

- Completed certification in Supply Chain Management and received appreciation for outstanding project contribution and teamwork.
- Achieved Artificial Intelligence Fundamentals certificate, applying smart tools in logistics operations during academic project evaluation.
- Recognized by internship supervisor for dedication, punctuality, and contribution to optimizing vessel scheduling reports.
- Earned Operations Management certificate and implemented process improvement suggestions during port logistics internship project.
