Work experience

Vessel Planner

Jul 2023 - Oct 2023

Oriental Commercial and Shipping Company, Jeddah

Abstracting all the information relevant of Transshipment cargoes that will be layed at SAJED Port from LMS, then transfer it to Excel Sheet and send it to all concern parties.

Follow the BSA given from the upper management for PIL & Partners. In case if the loading vessel belongs to PIL, partners have to send their bookings in order to create the stowage instruction from Stowage Planner.

Create JEDCOMB EDI+ TOR report after the vessel sailed and send it to the next port.

Sending Dwell Report, which is basically indicating of containers that were holding over the 30 free days by Mawani. Then calculating the approximate charges of Port Demurrage and send it to responsible party, until we receive the Port Invoice from Saudi Customs after that settle the differences.

Arranging empty containers plan as per the instruction+ BSA given from PIL upper management.

Shipping Assistant

Dec 2021 - Jun 2023

Oriental Commercial and Shipping Company, Jeddah

Submitted the Transshipment Full Manifest and Excel sheet, To the terminal operator at Jeddah Islamic Port.

Arrange Loading Permit for Transshipment Full & Empty Units from Oracle System then upload it to Fasah System (Saudi EDI System).

After units loaded and the vessel sailed to the next destination I closed the Etimad, by taking the required information from the Fasah system and submitting it to Customs.

Opening Export Header through Fasah System to our PIL partner, so they can load their containers to our PIL vessels. Furthermore, vice versa we ask them to open the Export Header for us. So we can load our containers in their vessels.
