Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

SKILLS

Teamwork & collaboration | empathy, | solve problems | work in shifts | Listening skills | General supervisor

HOBBIES AND INTERESTS

Aviation and boat engines

since I was a child my greatest passion has been aviation which was passed on to me by some members of my family on my father's side as I have relatives who deal with cabin crew and my cousin who is a pilot, I still remember when I went with my uncle with the boat in front of the Venice airport (VCE) where the runway is visible with the camera and I was there for hours watching and taking pictures of the planes taking off and the planes landing and I dreamed of one day being on the runway too!!!!. My second greatest passion was passed on by my uncle and it is that of boats and engines being a good Venetian, since I was little I took boats at 8 years old I had my first small dinghy with a Selva 9hp a dream came true having that dinghy. Then I spent days with my uncle who is also a huge boat enthusiast changing engines for his boats and when I grew up a bit for mine, dismantling them, fixing them, modifying them and changing them, to then try them and have enormous satisfaction. On the most stressful days when I was in Venice and I needed to unplug I took my boat, went into the middle of the lagoon and ran freeing myself from thoughts feeling free trying and having the most beautiful thing I think there could be ADRENALINE!!!!
