■ July 2024 - Present

Speed World Shipping L.L.C | Karachi, Pakistan.

### Trade & Operations Executive

- Managed day-to-day trade and logistics operations, ensuring timely and cost-effective delivery of goods internationally.
- Handled the preparation, review, and submission of import/export documentation, ensuring full compliance with relevant trade regulations and customs requirements.
- Coordinated with freight forwarders, shipping lines, and port authorities to ensure timely delivery and reduce delays.
- Managed operational issues and resolved challenges related to shipment delays, damaged goods, and discrepancies.
- Oversaw the execution of import and export operations, including managing shipping schedules, route planning, and cargo tracking.
- Negotiated rates with carriers and suppliers to ensure competitive pricing and cost-effectiveness for clients.
- Managed customer relationships, providing excellent service and addressing issues related to cargo, delivery schedules, or documentation.
- Monitored and resolved discrepancies or damages with shipments, ensuring timely claims and dispute resolution.
- Coordinated the booking and scheduling of shipments with carriers, ensuring compliance with agreed-upon terms and timelines.
- Worked closely with shipping lines and vendors to ensure space availability, competitive rates, and priority services.

■ May 2024 - June 2024

Express World Shipping LLC | Karachi, Pakistan.

### Inventory Executive

- Managed inventory levels and ensured accurate tracking of goods in the warehouse, reducing discrepancies.
- Conducted regular inventory audits to ensure accuracy and compliance with company standards, identifying discrepancies and implementing corrective actions to improve stock accuracy and reduce losses.
- Implemented inventory management software that improved tracking efficiency and reporting accuracy.
- Developed and maintained strong relationships with suppliers and vendors to optimize inventory replenishment.
- Trained and mentored staff on inventory management procedures, ensuring adherence to best practices, enhancing team efficiency, and improving overall inventory accuracy.
- Utilized inventory analytics tools to monitor and report on key performance indicators (KPIs), helping to drive informed decisions on purchasing and stock replenishment.
- Managed the buying, selling, and leasing of shipping containers, optimizing procurement strategies to meet market demand and driving revenue growth through efficient container sourcing and sales.
- Conducted regular inventory re-checks at depots to ensure accurate stock levels, identify discrepancies, and implement corrective actions, enhancing overall inventory control and minimizing losses.
