- Invoices raised against the customer along with the credit period terms and fleet allocation will be based on CBM
- Followed company policies, procedures and practices for accurate record keeping and loss prevention

Projects

Revenue Leakage

Jun 2015 - Aug 2015

Credits were given to customers without validating the proper supporting shipment documents as the number of disputes volumes were high for the cx. As a supporting offshore staff I have initiated this collecting all the docs from the logistics partner and validated for one quarter and presented to client, which saved them 1M USD to stop releasing credit notes to client.

Broken Sale

Feb 2022 - Apr 2022

clearing of broken stocks to second sale market, in order to create space creation for new inbound shipments (Approx. 400 bin space created)
