## EXPERIENCE

### Supply Chain Lead Analyst - HCL Technologies Limited

*Chennai, India*

*February 2022 - Current*

- Oversaw plant operations, including production, maintenance, logistics, and DN creation, ensuring efficient workflows for Exxon Mobil Corporation.
- Managed the product life cycle, collaborating with sales and marketing teams to optimise availability against prioritised demands.
- Led daily supply risk meetings with stakeholders to address potential risks and resolve supply chain issues.
- Utilised Power BI and Excel to design dashboards and reports, enabling data-driven decision-making and improving demand forecasting accuracy.
- Analyzed and optimised inventory levels across multiple distribution centres, achieving a 15% reduction in holding costs and a 98% stock reduction for phase-out items.

**Research Analyst SCM - Spiro System Pvt Ltd**

*Chennai, India*

*March 2019 - February 2022*

- Procurement of suppliers managed and negotiated contracts, including a decrease in procurement costs and delivering enhanced supplier performance for US MNC construction clients.
- Introduced Crimson CRM, which improved on-time delivery and vendor management by 100%. Led KPO process, which increased operational efficiency and lead time reduction on multiple projects.
- Enabled end-to-end tender submission with 90% rate of success improvement through accurate and timely documentation.
- Utilized and updated existing bid proposal templates within the Crimson CRM system, reducing preparation time by 50% without sacrificing consistency.
- Conduct market research and data analysis to produce actionable insights.

**Logistic Executive - GNSS Tamilnadu PVT Ltd**

*Chennai, India*

*August 2017 - February 2019*

- Maintained inventory records in a systematic and accurate manner, and recorded transactions and purchases systematically, with 100% stock accuracy and stock variances lowered by 15%.
- Prepared monthly and quarterly performance reports, providing useful information that improved operational effectiveness.
- Processed and resolved complaints, grievances, and customer inquiries within a 24-hour period, which improved customer satisfaction.
- Organized and conducted well-organized logistics meetings and conferences to facilitate timely logistics operations and interdepartmental coordination.
