OBJECTIVE

To establish a long-term career at an organization where I can apply my in-depth understanding of international trade laws and logistics to improve operations and provide top-notch service as a freight forwarder. Committed to using strategic problem-solving and good communication to maximize supply chain efficiency and beyond client expectations.

WORK EXPERIENCE

- **WIZ Logtec Solutions Singapore Pte Ltd** 2023 - PRESENT
Associate - Air & Ocean Operations
 - Oversaw import/export shipments and collaborated directly with clients to plan shipments.
 - Worked in conjunction with internal teams and outside partners to reduce costs and maximize supply chain efficiency, encompassing quote, pricing, billing, and local freight handling.
 - Arranged timely clearance, pickup, and delivery in coordination with vendors and agents to provide the best possible client service.
 - Oversaw all facets of customer clearance, including the completion of all documents, permits, and airway bills needed for an international flight.
 - Monitored and controlled shipments to give clients regular progress updates and quickly resolved any issues.
 - Mastered operational difficulties in order to reduce downtime and preserve a high degree of client satisfaction.

- **WISTRON INFOCOMM MANUFACTURING (INDIA) PVT LTD** Feb 2021 - March 2022
Trainee Engineer
 - Rectifying the connections, RF attenuators and the IGBT present in the testing fixtures in order to achieve the maximum yield.
 - Develops manufacturing processes by studying product requirements and researching testing methods.
 - Improves manufacturing efficiency by analyzing and planning workflow, space requirements, and equipment layout.
 - Completes design and development projects by training and guiding technicians.

AWARDS AND RECOGNITION

WIZ Logtec Solutions Singapore Pte Ltd

- **Star Performer of the Month**
