## Objective

---

Seeking a promising career that provides an opportunity to apply and enhance my current skills in demand planning, warehouse management, procurement, logistics management and planning, Capacity and Network Planning, Supply Chain Management, and Operations Management, first mile, second mile and last mile operations & contribute constructively to the organization with safety on highest priority. I aspire to work on areas critical to organization's success and lead the team(s) that capitalizes on individual strengths to create synergies to deliver great performance.

## Work Experience

---

### Warehouse In charge (Landmark Group, Kuwait)

January 24 - Present

- ✓ Working as warehouse in charge in Home Centre Furniture WH in Landmark Group Kuwait. Handling a DC of 10000 sq mtr having furniture stocks.
- ✓ Handling a team of 35 members of WH team and 50 members of drivers and carpenters.
- ✓ Working closely with 6 stores within Kuwait of which 3 are AA category generating a revenue of 30000 KD on daily basis.
- ✓ Performed a project on volumetric space utilization and able to accommodate 1.26 million inventories against designed capacity of 1.10 million.
- ✓ Improvised picking productivity of 6.26% by analyzing the SKU and doing ABC analysis.
- ✓ During Ramadan time, the vehicle utilization was done at 125% which is 30% more than the designed capacity.
- ✓ We have successfully operated the shift utilizing 5 manpower less than the designed capacity which resulted in saving 15000 KD annually.
- ✓ We have pilot run SDD (Same Day Delivery) which was in turn followed across the entire GCC.
- ✓ Successfully maintained the CPP at the optimal level across the concept which has been turned as the benchmark across the entire GCC.
- ✓ We have optimized the truck space utilization from 13 invoices per truck to 15 invoices per truck, thereby increased the customer access with truck throughput using existing infrastructure and asset.
- ✓ We have made 3D space utilization where we have successfully occupied the existing WH and utilized at 115% without compromising on the inventory hygiene, quality, 5S and safety.

---
